

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

LETTER OF TRANSMITTAL

STATE OF IOWA,
OFFICE OF SECRETARY OF STATE,

Des Moines, Iowa, November 21, 1908.

To his Excellency, ALBERT B. CUMMINS, Governor of the State of Iowa:

SIR,—In compliance with the provisions of section sixty-nine of the code I have the honor herewith to report an abstract of the criminal prosecutions in the several counties of the state for the biennial period ending September 30, 1908, as returned to this office by the clerks of the district courts.

The thirty-second general assembly by an act approved April 2, 1907, and known as chapter one hundred ninety-two, acts of the thirty-second general assembly, provided for the appointment of a board of parole, designated the penitentiary at Anamosa to be a reformatory, and inaugurated the system of indeterminate sentences for all persons sentenced to the penitentiary or reformatory except for treason or murder. Under this act the clerks of the district courts are required to furnish the board of parole with a copy of the indictment, with the minutes of the testimony attached thereto, and other information concerning all commitments to the penitentiary or reformatory. Under this law nearly all the information now reported to this office by the clerks of the district courts under the provisions of section two hundred ninety-three of the code is also received by the board of parole.

In all convictions of felons, except for treason or murder, the board of parole determines what portion of the maximum term imposed by the statute shall be served by the convict. Under this provision it is impossible for the clerks of the district courts to report to this office the term of punishment served by those convicted of felonies. This information can only be obtained of the board of parole.

CRIMINAL CONVICTIONS

In view of the foregoing and for the further reason that the law creating the board of parole makes no provision for a report of its doings I would recommend that section sixty-nine of the code be so amended that the report of the criminal prosecutions of the state to the governor be made by the board of parole and that section two hundred ninety-three of the code be so amended as to require the clerks of the district courts to report to that board such information as is necessary to enable it to make a full report of all convictions for felonies and misdemeanors.

I would also recommend that the criminal report year begin July 1st and end June 30th, so as to conform with the fiscal year of the state.

Very respectfully,

W. C. HAYWARD,

Secretary of State.
